Canadian aviation careers, for students

A practical guide to pilot training, other aviation jobs, and programs. Each page links to the official source.

STUDENTS

Start with a career, the pilot roadmap, or a scholarship that fits your age.

PARENTS

See what training costs, what a medical involves, and what to ask before a deposit.

COUNSELLORS AND CADET LEADERS

Use the guides in class, or review the workshop outline.

www.aviationfieldbook.ca

Scan to open the fieldbook.

Independent student project for school career centres and Air Cadet squadron boards. Not affiliated with a regulator, flight school, or cadet program. Check the official source before you decide.
